

Geography & Program in Planning UNIVERSITY OF TORONTO

Dec. 1, 2016

Prof. Shengbo Chen
College of Geoexploration science and technology
Jilin University
No.938 Xi Minzhu Str., Changchun, China
Email:chensb@jlu.edu.cn
Tel:13689805788

Dear Prof. Chen,

I am pleased to invite you to visit the Remote Sensing and Spatial Modeling (RSSM) Laboratory (PI: Dr. Yuhong He) in the Department of Geography at the University of Toronto Mississauga for two months from April 1st 2017 to June 1st, 2017.

During your visit, we will identify potential areas of our collaboration including, but not limit to UAV-hyperspectral data collection, preprocessing and processing, and the application of these data in areas with varying disturbance related to anthropogenic activities. It is my hope that this visit will lead to a co-publication in a peer-reviewed journal, and a joint proposal application to the Ontario-China Research and Innovation Fund (OCRIF) which supports focused collaborations between researchers and innovative companies in Ontario and China to generate positive economic, technological, scientific and social impacts for both jurisdictions.

Please note that you are responsible to cover the costs of travel, accommodation, and other associated costs related to the visit to University of Toronto. I will make an arrangement within the university to meet your visiting needs. University of Toronto encourages international visiting mobility to foster the exchange of ideas, specialized training and research collaboration. To visit Canada under this category, the individual requires a work permit issued by the Government of Canada. Our university will need a few documents from you to complete the Employer Declaration process, which generates the Offer of Employment Number required to complete the work permit application. Please confirm me if you are interested in this visit so that I can make further arrangements. I look forward to your response.

Sincerely yours,

Yuhong He (Yuhong.he@utoronto.ca, Phone: 1-905-569-4679)
Associate Professor
Department of Geography
University of Toronto
